My dear Sir

Absence from home has prevented an earlier reply to your note of 23rd ult. & I now enclose my check to your order for $42. as you request. Your plan of endurance must have been heavily taxed by the long stage journey you made, but I am thankful that you succeeded in saving so much good seed, which, I doubt not, under God, will produce fruit to Everlasting Life. Wish

For continued success in
all your Missionary work

Helena, Montana,
June 2nd 1876.

Dear Brother Jackson.

The failure to receive any news from the Board in regard to the new laborers, who they are, & when they will come & where, is provoking & discouraging. Our churches in Missoula & Bozeman are anxious for a minister & Bishop Suttle with an eye to the excellent material in the Presbyterian Church has gathered this material in Virginia City; is doing the same in Bozeman & is announced for the west side by June 10th with a minister for Mission Rev. Dicky of Bozeman recently opened a new church building there with appropriate services. It is useless to cry over skilled milk: it

at very reasonable rates.
The parties furnishing their own grub & bedding. The round trip can be made in two weeks from Bozeman but this is rapid travelling, especially where one observes the Sabbath.
My trip last summer occupied just 29 days. 18 of these were occupied in going to & returning from the Park. as we observed the Sabbath & lost one day by running away of the horses & stopped a day at Bro Crittenden's.
This of course was from Helena, wh. is 100 miles from Bozeman & 170 from the nearest point to the National Park viz. the Mammoth Hot Springs on Gardiner's River. We averaged about 30 miles a day with saddle & pack horses for most of the trip.
A guide is not necessary save as a packer & helper & also saves no loss of time in

worse than folly to spill any more or to leave it as of no value to be used by others.

In addition to the presence of the Episcopal Bishop the M.E. Church will hold its Annual Conference in Helena this year, presided over by one of its Bishops, thereby stimulating its own Methodist friends quite effectually.

I intended to answer your letter of inquiry concerning the Geysers at once, but desired to obtain more information. The best time to visit the National Park is from middle of August or say the first of August to the Middle of September. The best route for non residents is by way of Bozeman to Mammoth Hot Springs, where a guide & horses & Camp outfit are furnished

hunting for trails. Some of them are first class men & their charges are quite moderate. If I remember, the guide furnishes his own horse & charges $3.00 per day for his services & furnishes saddle & pack animals with accoutrements at $1.00 a day per head. Of course the party must furnish provisions & their own bedding & I presume, a tent. A wagon cover is readily borrowed & makes a very good tent.

My expenses for the trip were $32.00, but I had my saddle horse, & sold my pack animal for $5.00 less than I paid & we guided ourselves & did our own cooking. Hoping to hear something definite & that my successor will reach Helena by July 1st. I remain with kind regards Very truly yours

W. C. Rommel.

Dear Bro

I have just concluded a two weeks business trip to Ogden & while there have become possessed of considerable information which is I think of great interest to our church. I find that during the past six or eight months quite a number of families have moved in, among whom there are several Presbyterian families, all of whom, together with quite a large number of persons not connected with any church are quite anxious to have a good man, to come among them and labor, and who

are willing to contribute liberally for the support of such a man.

Last fall when Bishop Hawin was on south for this city a party of gentlemen called on him at Ogden, & pledged themselves to him to raise $600. for the support of a minister if he would send them a man who would be a thorough earnest worker, & good preacher. A man was sent, who is held in contempt by almost the entire Community. I do not think it is the fault of the people, as I have been told by the members of our church as well as by those who are not members of no church that they will not go to hear him, because by his Conduct, he does not command their confidence

or respect. I presume you have heard something of the history of Mr Long who was sent thro & remained two years. As unacceptable as he was, the people would now prefer him to the man who is now there. In a conversation with Dr Condon a few days ago, he told me that he thought there would be no difficulty in raising $600. for a man who would come among them and labor in the interests of his Master, & not dabble in politics, trade or other mercenary matters & so bring contempt on his Calling. I look upon Ogden as decidedly the most promising field in Utah, and if our Church will, all she will have to do, will be to "go up & possess the land".

I found there four ladies

who told me that they were members of the Pres church & others who have been, & would doubtless soon be brought in if we had a church there.

I suggest that if you can do so you visit the place, & investigate for yourself, and if you will do so, and will write me when you will be there I will meet you there & give you all of the information and aid in my power. Should you determine to do so, please let me know several days in advance, as otherwise I might not get your letter, being quite away from home all the week, & only at home on Sunday.

Dear Sir

Though late with our 1st years contribution will you help the "Home Mission Class" of 2d Church, Carlisle to distribute their fund wisely & judiciously. The season of our holidays & snow & the difficulty we have had in procuring Dr Caldwell's picture for us. All which we have had this to remind us & have depending upon him & the "Seal" not accomplished last Friday one. For a few days we

shall have ready Seventy
four dollars which just
suits to place at your disposal for the benefit of
Home Missions.

I believe the boys would
rather scatter their aid
than concentrate it. If
their contributions were
larger I would be well
to devote it to one Institution

Dear Bro. Jackson.

I cannot, under existing circumstances, go regularly to Manmont & Fountain. Her Cumberlands are unable to support a minister, the Congs "ditto". Bro Dougherty has withdrawn from the Coll. scheme, and join the Ministry. If it were not for the local, or tired preachers viz. Mr. Bartlett and Mr. Bryant, they would not even continue their organization. One of their leading men and best supporters said so to me only a few weeks ago. The Episcopals have no rector, one

not support me. Our audiences are good both morning & night.

If we close our house at night it drives our audience to the Bap. & M.E. ch. I have had no opportunity to go to Fairplay. It would cost about $20.00 and nearly a weeks time.

We ought to have a minister on the line of the Rio Grand R.R.

The M.E. ch. is picking up many of our people all thro' the agricultural regions and making them pay tribute to their organization —

Business is very dull here, but I am not in the least discouraged —

Yours as always

Henry B. Gage.

Dear Bro' Jackson,

My long trip thro Texas is over and I have been here 2 or 3 weeks. My time detained me longer than I expected. I wrote you at San Diego and San Francisco. that I could not meet you.

I heard from brother Smith after you left asking me again to come to S. Fe. The word I had heard from here rather precluded any stop at S. Fe long enough to do any good. Then having the pass through Texas I was able to get on here cheaper and so could throw in two

months time without pay from the Board. It seems der, Kendall telegraphed Bro Smith that I should stop at S. Fe awhile but I never got the word. I am sorry I did not; for as it looks to me now I ought to have gone to S. Fe for two months or so - if no longer.

I was feeling badly at the time I started, could scarcely walk and felt myself rather useless anywhere. I stopped awhile on the way at different points, and was somewhat better and able to do something when I got here. Still perhaps I could, (have been) of use at Santa Fe, and I greatly regret my not going that way - especially if I could have been of any use in the same condition in which I then was.

How I wish I could see you and talk over your trip. Do you go East in July? I expect to go and see Mother then and would like to meet you. Will you be in Washington and when?

My Knee hurt was much worse than I expected and gave me considerable trouble. I can walk only tolerably well now, but hope to have a sound Knee eventually. — That long ride I took immediately after hurting it — increased the inflammation and made it twice as bad as it otherwise would have been. —

Please send me "R/Ry, Mt. Presbyterian."

matters are both encouraging and discouraging here. There is a work here for me to do: but I have thought that perhaps I have taken too much pains in order to do it, i.e. leaving Sil. City and coming so far.

The case, as it appeared to me when I decided to come, would justify such a move: but the necessity of my being here above every one else, as being the only one who could fix up matters and help the Churches to a new start, was greatly exaggerated, or considerably so. I think they asked me too much of me and ought not to have urged it so forcibly as they did.

I was very sorry to leave Sil. City, especially after the prospect of Tucson opened. A letter from Elvira spoke encouragingly of things there. If no one else appears and I can get things fixed up here - if God opens the way, I may offer myself to go back there to Sil. City or Tucson - or both. I am greatly interested down there and am surprised to see how much I am attached to that country

My preference would have been to remain there, indeed and I was sorry to come away.

If I should get down there I would consider this as a sort of prolonged vacation and insist on paying my own way back.

Perhaps I have been over-anxious for these Churches & people here. Considering the obligations I was under to those who had given so freely towards these Church buildings and in view of the situation as represented to me, I felt I must come. I hope it will all work out for the best and in the end I done the right thing for me to have done. I find my thoughts wandering down to Sil. City quite often and I find I have formed a love

for that rough frontier work which is very strong. I am already and sepiat to be homesick for N. mercies.

It is wonderful how our ideas & likings change as we continue a residence in a country which at first seems so repulsive.—

I hope to meet you soon. Let me hear from you, and if the Lord, in the future opens the way for me to join you in your work I shall be very glad. — I was sorry to leave N. Mex. & Sil. Cy. without some visible results in the way of Church building or something. I made only a small beginning and I think the way for more to be done will be opened shortly.

Regards to Mrs. J. and the children.

I agree with you that I must not stay too long in this climate. I hope I shall not fail to, but can do what I have to do — and be free to go elsewhere if God shall direct. —

Yours in the Gospel of our Lord Jesus Christ

Dear Bro, Central is supplied to Sep. 1. Edwith is there & succeeding admirably. The Methodists are giving Deems a little trouble at Slab about their occupancy of our building. I wrote a letter to our trustees about the matter, & if I do not hear to-morrow that the matter is finally settled, I will go up there next week & see the thing through. I preach in 17th St. Sunday & will again next Sunday. I had to leave Central. Am improving here & shall remain most of my time until our Sunday-school convention is over. We hold it July 19, 20 & 21. Can you bring us any help? I wrote to Tyler & know what he could do, but have not heard from him. If it was

possible with my present funds, I would visit a number of the S. S.'s in this Ter. & stir them & the churches up.

We are trying to rouse Denver. I will visit as many of the schools here next Sunday as I can. I have written to 11 of our ministers — It is to be a Presbyterial convention.

Please remember me to Mrs. Jackson —

I will write to Stewart about Leavens —

Laramie City, Wyo. Ter. June 16. 1876.

Dear Bro Jackson;

I was quite disappointed not reaching Pueblo; but the running of the cars, or rather the connections, were so inopportune that I was compelled to forego the privilege. We are suffering, just now, from the dull pay. I mean the pay which has greatly embarrassed business and brought a gloom upon the place which hinders almost every interest coming, as it does, after the terrible disaster of the past winter. We feel the stringency of the times very severely just now. The Church is poorly able to pull her part of the contract and while taking up the notion of building the passenger absorbs all extra effort for the support of the pastor. The consequence is we are barely able to procure the necessaries of life. Our income from the Church and the Board not being equal to $8 per month, and, so far as the Church is concerned the amounts paid in are small and uncertain. tho' I believe they are up to the full standard of ability. The fact is there is no wealth here and the wages are low of those who support the Church, while the multitude

are indifferent to the claims of religion.
But with all the discouragements I feel much interested in the field now at all disposed to give it up at present nor without a clear indication of divine Providence. Still I feel the Board should do more for it, for I cannot see any way for its becoming self sustaining without more and earlier help from abroad. If it is at all practicable I wish to visit my friends in the East, by the fall or last summer month I shall do so, and then I will try and revisit my friends in this field. I have had the hospitalities of a friend here in Philadelphia for a visit to the Centennial, but my mission here in visiting the East would be altogether relating to my field of labour.

Accept kind regards from myself and family to you and yours.

Yours in the Gospel

W. E. Hamilton.

Dear Brother Jackson,

The good news of the coming of yourself & Dr. Roberts &, perhaps other brethren, to Montana was gladly recd. The depressing news of our success in the obtaining of laborers for this Terry had its appropriate effect. I greatly doubt whether I am called upon to make the sacrifices indicated, nor do I think if the Board had been alive to the situation it would doubt the propriety of sending laborers here. Bishop Tuttle who visits this Terry annually has already 4 ministers & is actively searching for the right man for Missoula. He has already called 6 diffuent laborers & proposes to keep at it until he gets the right man

My family at home are very keenly disappointed at the prospect & my own plans knocked in the head, if insisted, I conclude to submit, as I feel quite rebellious at present. I see if the Board has the smallest sort of a knot hole, it will slip through, & leave a fellow in the lurch. Missoula should be supplied at all hazards. I fear that our people in Bozeman will naturally fall into the hands of Bishop Suttle. Tales of Stevens gave Mr. Russel the impression that he would certainly go to Missoula & I think should be held to it. Of course there may be some mistake about it.

Bishop Suttle shows commendable fidelity & activity in his work here as see his appointments.

As to the Yellowstone trip.
You should each one have a heavy blanket & a suit of heavy clothing for roughing it. It is likely that further bedding can be borrowed in Bozeman & the personal needs such as towels &c. & an extra change of clothing will readily occur to you. The fewer the "traps" the better. I have already written to Hopkins Taylor on the subject. The provision can be procured at Bozeman readily.
The blanket will not be needed in each travelling as the nights are often cold.
Bozeman is I think the best starting point & it may be more convenient to return there instead of going to Virginia, because of the distance; this you can best determine at Bozeman.
The guide will furnish paddle & pack animals at a moderate price. The round

trip from Bozeman need not occupy more than from 15 to 20 days.

Increased salaries are necessary for this field.

A visit to the different camps of the Ely similar to that of Bishop Tuttle by yourself would be very beneficial & you would have excellent opportunities of doing good in the preaching of the word

With kind regards to yourself & Mr. Jackson I remain

Very truly yours,

W. C. Pownall.

I am trying to do something at El Moro the newtown. Things are unsettled here. Bonds to K. P are voted — and an injunction issued against the commissioners issuing them.

But it is said K.P. are willing to go ahead assured that the courts will not sustain the injunction. But it makes matters unsettled. The new town grows slowly but constantly. The K.P.

I have something for your Editorial Ear, that you can do whether you can claim me as a worthy pupil of yourself - whose footsteps I follow in many things, and whose spirit of work, I often desire to emulate. If all the "World's" article is not published, I hope I may see

it in the "Ky. Ind. Press." Though I have gathered about 10 churches, this was my first independent effort at organization. I had no definite purpose in going except to organize, if possible, and show myself watchful of our interests, since Presy. had authorized me to organize &c. I stumbled in my success a little. I thought Perkins might head me off, as Bro. Sweetser was desirous for a Cong. Ch. of course, and we had spent $100.00 on this field last year, and I was only detained from Entrance that time, because of my horse's lameness. I baited Lake and Shoe, because having it and

Dear Brother Parsons,

Today, Brother P. H. Ja. hunters to me saying, "I received a letter from Bro. Kenney, last week, saying that "Bro. Jackson, Rev. Dr. Roberts and others were expecting to be in Bozeman about the 30th of July, on their way to Geyser Land. There will be no trouble I think in securing the church (Methodist) for that occasion and I will attend to it in season."

I am glad to expect you and some of our Ministers are to visit us. I hope the Lord has a mission planned for Bozeman, and

that he will be of your
company. The opening

been more apparent, in
my judgment, than just
now. Bishop Tuttle will

It will be better for the
success & onward impulse

a man in that place when
he comes this year.

If you could make
some appointments beforehand
he could go from there
and get up congregations
for Bishop Jaggar or Rob-

We shall hope to be favored by a call from you and other brethren. The stage coach from Helena to Bozeman passes us every day. Our School term closes the 30th inst.

We have already succeeded in getting about 300 pledged to support of a minister and this forestalls the action of Bishop Tuttle of the Episcopal church who is now here - He has decided to await the action of our church but if we get no pastor this summer will without doubt send a man here in the fall -

One week ago last Sabbath I Spent in Salt Lake city very pleasantly, I do trust brother Welch will Soon be restored to that people.

On my return I Spent a day at Ogden looking after the interest of our beloved Church. I think there is Some good ground for encouragement for the E. Minister with whom I am well acquainted and he said he would be glad to have me occupy his pulpit every other Sabbath while he was Gone to "Conference" as he Call permits me to ride over the Division free I was very glad to accept but only think! Bro Harrison has written me that he has made other arangments

and his pulpit will be occupied
"every Sabbath." I am very sorry, but
as you all coming so soon, and
will spend a Sabbath in Ogden
I will let the matter rest till I
see you. D. V. I will meet you
at the Depot on the 21st of July.

My Dear Bro. Jackson:

Your card addressed me from Chillicothe is received. Am arranging for the Historical discourse in two weeks from next Sabbath. Will comply with your instructions in regard to it.

It is now a conclusion that this is our last year in serving the church at Longmont. Will announce my resignation next Sabbath.

Presume that Valmont & some of the Mountain towns will be my field the next year, should it meet your approval.

It is quite desirable that you arrange soon to make a visit to Longmont. If you be now in Denver, perhaps you can come for next Sabbath.

Owing to the unsettled state of things in these churches, we are about to secure ourselves in a more settled form. Age is coming, the years are rolling & we need some protection against a cold world. I do not know whether you will commend or disapprove. Duty seemed to press, & I went forward.

The consciousness that Valmont & Longmont have both grown equal to any churches in all the Territory, is my joy but only in the fact that God has used me as the instrumentality, for the cause is all in him. This is all the glory. Blessed be his holy name. My intention now is, if the Lord will, to preach another year & then have a year of rest. A vacation, after hard service for years, will be good. & if the Lord blesses, will only tend to open the way for striking heavier blows for his glory.

And during the coming year I wish you to help me all you can, for the past two years have been financially hard. And

my fears now are that both Valmont & Longmont will be delinquent in their pledges. Am in no way prepared for any more losses. Have given fifty dollars toward the church here in the expectation that I would serve them another year. It is equal to any subscription with the exception of Buckingham. Should not have made it.

Desired very much this year to go home-back to the old homestead. My father & mother, now both between seventy & eighty desire to see me before they go hence. But my way seems to be hedged. Can do no more than pray the Lord & look up.

If you cannot come next Sabbath arrange for two week from that day.

Fraternally &c

In building all the resources of the church are exhausted. And none

the members care more for completing than
for my support. The hard work is done:
the church is nearly finished; have had
all the old houses in town to preach

+++ long as it remains his. And especially so long as he desires to retain it. Shouls Bro. Anderson leave Boulder, then of course everything will be clear. (13. if they don't get it) It is the only field in Colorado that has any promise in it for me at present....

The more I think of it, the more I am convinced that I pursued the only honorable course left open to me, in leaving the Colorado Springs when and as I did... The trustees after three weeks deliberation told me definitely that they could not comply with the Board's requirements. What else could I do? —

I am not altogether clear as to the [redacted] conditional commissions.

The March No. of the Record has an article on them which seems to favor the interpretation I made of them....

Either the Board is sincere in the matter or not. If they are, then the Missionary has no redress. He is obliged to give up his field unless the people comply — If the Board is not sincere, then the missionary is made a party to a deception. He is made to tell his people that this is a requirement of the Bd., made without his agency and over which he has no control — Even then he must lay himself open to the charge that was brought against me that the matter was "put up" between the Board and himself.

The only way for the Board to be consistent is for it to estimate as carefully as possible what the people ought to give, and then if they fail in their condition to stick to it.

I will never suffer myself to be made a party to any such scheme of deception as these conditional commissions clearly are if they are not sincerely and in good faith issued. I think, I take the ground that they are sincerely meant, and it was acting on this ground that I withdrew from Col. Sp....

A word more about Boulder... I think it more than probable that Bro. A. has heard something in regard to my succeeding him. You can see, by sounding him a little, whether he has any idea that I have been itching to slip into his shoes, and if he has I would be glad to have you disabuse his mind of it.— You and Bro Van. are the only ones I have said anything to on the subject— I

have told you just what I said to him. and you know how careful I have been in talking with you to avoid crowding him (A.) I am only too sorry now that he cant go on with his work there —

Dr. Thacker was sick in bed when Henry wrote last week.

I hope the Lord will not keep me much longer in suspense; but He knows best —

I suppose Bro. A. will in any event return to Col. will he not?

Affectly. Your Friend.

My Dear Brother,

Yours from Solomon City, Ill. ancent Mr Bowers is just here. As to Montana, before Dr Kendall left & I concluded to wait & see if he until Dr Roberts return. He is a member of the Board, requested to look carefully & to give his impression to it when he gets back. Mr Rommel will await his visit. I trust his health will so improve as to permit his still preaching in the place where God has so blessed his labors. We have extended Bro. Whitten's commission for 6 months on a promise of $600 — awaiting Dr. R. return.

As for Bro. Bowers – His case will be brought before the Board at its next meeting, the 20 inst. Is it wise to send a man with a family to Montana when "circuit riding" is especially needed? When a family in a new country must necessarily impede that kind of service? Circuit riding is the way at present for such a state as Montana.

The Board need to know somewhat of the fitness & adaptability of men before sending them to distant & extensive fields.

You are welcome to publish any part of my Report, with my name, except chapter on Women's Work, with any request by W.H.M.S. from whom first permission must be obtained. Regard to all & the girls. Pleasant excursion to you.

Rev Sheldon Jackson

Dear Brother

With the advice and consent of one other elder of the church I write you that you may be informed of the condition of our church and also of our needs. And first let me say that it is the unanimous wish of our church membership so far as I can learn that we should have a change of pastor at the close of the second year of Mr Tilworth pastorate

In desireing the change I would say that personally

that is the members of the church
we have nothing against
Bro. D. but on the contrary
we believe that he has
worked to the best of
his ability & forward
the interests of our society
And that the mistakes he
has committed have been
those of the judgment.
Under his pastoral labors
our church has increased
its membership largely
and it was largely owing
to the knowledge that he
was doing all he could
and also out of personal regard
to him that the church
retained him the second
year, which action we
now feel to have been a
very grave mistake.

When Bro. Tuttle first
came to Longmont the

congregation that assembled
At the Presbyterian services
was generally the largest of
any in the village, but for
some time now it has been
the smallest, composed
almost exclusively of the
members of the church, and
they have only attended
from a sense of duty, as they
have long since ceased to be
edified. Mr Tilsworth by
being very indiscreet in his
manner of approaching men has
prejudiced the entire community
against him, until it has
reached such a pass that
he can hardley pop through
any of the streets but the
click will be cast at
him. And as a grand
final he has jumped
a homestead claim, which

has greatly incensed almost the entire community against him. I believe that Bro. Teits. had sufficient reason to think that Bro. Weston had abandoned his claim, but as there was already such a feeling against Bro Dilworth they have taken this time to manifest it.

Let me again repeat that this state of affairs has arisen from want of tact and judgment not from any graver fault. And I only write this plainly that you may understand the condition of things at Longmont and be willing to aid us to the extent of your influence, in securing for the coming year a pastor who will be able to command the respect of the community. And let me say farther that

if our church is to become
an influence for good and
a means for the upbuilding
of Christs Kingdom in Leon
it will be necessary under the
present circumstances that
we exercise great discretion
in the choice of a successor
to Mr Deets worth.

Our society will wish to
have preaching every
sabbath, at least once a day
when the church is completed
And if we can be supplied
with a Minister fitted for
the place will try & am
very confidant to double
the amount the we raised
this year. But unless we
can be supplied with

a good man and one fitted
to the place. we cannot
expect much growth. It
must be remembered that
most of the residents of
Longmont are late ly from
the east, and accustomed
to eastern preachers, and they
(excepting church members) will not
attend church unless they are
edified. Furthermore
the Congregational minister
is an exceptional fine pastor
and this taken in connection
with the feeling that now
exists against our present
supply causes us to feel
that it is absolutely essential
that we should make a
happy choice next time
If you can make it con-
venient We would like very
much to see you that

we might more fully explain our wants, Elder Stewart is living in the village, Bro. Buckingham and Elder Ecker are away most of the time the one at the bank in Boulder and the other at Niwot, any of the above or any other Church member, could more fully explain the condition of things.

I would prefer that this letter should not be seen by Bro. Teets worth. I am willing to say to him in your presence any of the contents that you may desire, as I feel personally friendly to Bro. Teets worth and only write this from a sense of duty, feeling that as you have officially the

Rev. J. Cuddeback
Pastor of the Christian Church
Peoria Ills.

My dear Bro.

Your kind letter from Ills. forwarded from Osage City, Kans. here today. I came on suddenly & unexpectedly in ans. to a telegram stating that Mother was rapidly failing. I found here recovered somewhat from the sinking turn she was then passing through. The Dr. was surprised to see her rally as he did not expect she could survive.

We are glad to have some hope of her getting stronger again and trust she may be with us for many days yet. The weather is very oppressive and

hand on sick people. I am glad to be here. Mother is nearly blind and will not be able to sew long. —

Mother and all here send kind regards. They will be glad to see you at any time. Always come here and make yourself at home. as much so as you would with me in my little room at Silver City.

About returning to Tucson or Silver City. I should be very glad to do so. When you found the prospect so good at Tucson, and the opportunity of helping Dr Smith at S. F. presented itself, I was sorry I had committed myself to the action of the Emporia Presbytery, and when I left, I am free to say to you — my preference decidedly would have been to remain rather than go to Kansas; but having given my ~~promise~~ word to return I felt I must. I think now, as I look it over,

that I allowed the intricacies of the Kans. friends to have too much weight with me and it did not allow other considerations to have proper influence. They represented that unless I came to them and helped them in their very critical condition, they must go down, and the Church at Lyndon represented that if I did not come - owing to peculiar reasons existing there - they would certainly go to pieces. They unconsciously exaggerated the importance of my being there rather than anyone else. I felt as if some one else, could have managed it for them and that I did not trust the Lord for them as much as I ought to have done.

I have felt as if I had made a mistake in coming away from a field which I had learned to like and to which it is difficult to get any one to go. - My long, lingering sickness at Sil. City made me feel for a long time that I would be obliged to get

as if he thought there were more urgent & promising fields elsewhere - but a letter from him rec'd from Sil. Cy. to Asage City, speaks in more encouraging terms and rather expresses a wish I should remain down there. I did not feel satisfied with coming away but felt I had to - and now blame myself for deciding too soon. If it had, at any time after I got over Mr. Fuller's a choice between N. Mex. and Kans. in general I would have remained at Sil. Cy. - and now, if it were the same choice I would return there at once.

But after engaging, agreeable to Presbytery's arrangement, to supply Asage City & Lyndon for a year I do not know just how to proceed. I have written the Board that if they will get a man for Asage City & Lyndon - I will return to Sil. Cy. or Tucson. I will try to bring this about also. - I ought to remain there till Fall anyhow and help dedicate the Lyndon Church building

and attend to some other matters there.- Then the field would be in very good shape for another man to take hold of. It is a pleasant field - some excellent people and as Kans. is looking up - the prospect is very good. better in fact than I supposed it would be before I went there.- I write this at length, dear brother, that you may see how it is and also by way of apology for leaving down there. I am sorry to add to your labors & perplexities by so doing, but at the time it seemed best to return to Kans. to save what I had done there previously.—

I am asking God to guide me and if the way is open to return to St. Cy. or to go to Tucson - either this Fall or next Spring. I should be glad to go. — I would return there at once if it might not be in Kans. existed or if circumstances there were not just as they are.—.

I wrote to Calum at Tucson in answer to a letter from him and encouraged him all I could - saying I might possibly get there or be able to send some one else or get some one interested in the South West. I feel much interested down there and would be glad to help your cause in that section all I can.

If I could get a man for Asa Gaily & Tucson - could leave there any time. Let me hear from you - direct 1008 - 26th St. Washington D. C.

I dont think you would involve your self in any way—

Dear Bro, Jackson,

The Epis. Bp. has just left. I telegraphed you this morning— I do not know that you can help me— But I would like your advice and influence— We are in trouble— The grumblers seem to have ~~jobbed~~ the upper hand and are trying to push their advantage. Many I am told who contributed last year— refuse to contribute— The principal trouble is I think I desire for some thing new— Others say I have not visita-

ed enough and others find fault with Mrs. Gale for not going more. Even Mr. Phillips who stands by me says that they the Ch. have a right and demand as their right that the pastors wife shall visit so & so!!

He I think is a firm friend - But at a conf. meeting he offended Marshall (elder) so the latter refuses to cooperate Capt. Stark says it is very question all whether they can raise any thing like amount they did last year - It is old story if I cry "mad dog" & others join - Phillips & Stark say I left if I

Ch. depends on keeping me — It is a question who shall rule — / Grumblers or those who have stood by the church — These two men say if the opposition headed by men out of / Church succeed they will withdraw from / Ch. & let that party take the Church & run it —

My new commission dates from the first of this month and requires the Ch. to advance 200$

The times are extremely dull — I never saw / like very little wool is selling & at low price —

This of course operates against us —

The husbands of two of our members (Perry &

Hubbard) are working a-
4. gainst me & / wives sym-
pathize - Markoly (Elder) is
not more than a / 2
friend - He is mad at / Edwards generally
They will give
you some idea - If it
were not a mission church
I believe my self respect
would forbid my staying here
But as it is - a change would
be disastrous - Mr. Phillips is
discouraged & talks as / very way
to fail) & Markoly is out with /
whole church - Swallow is away
& we miss him - He was the bal-
ance wheel - But anticipat
ing trouble he left word
to count on him as usual
for money & influence - $175.00 for me
Of 500 $ pledged they say
that 300 will not be renewed
The other side can talk &
I think are making it af

year / popular thing to talk this way

I do wish you could be here one Sabbath & hold a Conf. meeting - We have no acknowledged leader No one to go ahead who can do so in a manner acceptable - I believe you could do us a great deal of good by spending a Sab. here ——

To me the chances are as much against as in favor / my remaining I am not low spirited - nor am I worried - I cant do much else just now, than stand firm - And I am sorry

that - The present subscription (Ch) does not ~~subscribe~~ expire till Sept 1st so I can hold for a while - My Congs are growing - 3/4 of / new families who go to Ch. come to ours Ch I think you could help organize - The trouble started with a little difficulty in connection with a Social & though I had no more to do with it than / man in / moon - of course / pastor had to "take it" - This was three months ago - But wrath was nursed which keeps it warm till now - You may show this letter to Henry if you like - But which he must not - you must mention it casually to Mrs Gage when here - I have not told her and it would crush her to know what things are said. And discourage her from all future work - She does as much as any 5 other women & often is growled at - ! She feels as I do we ought not move -

Dear Brother.

With both your churches now vacant, let me turn your attention again to Dr. Backus' Son, at Northampton Mass. He is suffering in that severe climate, & thinks he must leave on that account.

You perhaps know more of him than I do- But he has a fine presence- is said to be a fine speaker- was in the Army & I should judge is such a man as would take in Denver. I presume you are overwhelmed with applications

for the positions.

I saw Hawley at Hum. Coll. Commencement. He seemed to wish to go back a Golden if the way opens. Lieut Anderson is already on his way to Arizona.

Welch is probably now at Saratoga with his Physician. That I think is his last chance. But I am hopeful about that. Strange you knew declined to go to Salt Lake. I want to get some plans matured to make a successful beginning the next move we make. The main question is about land to build on. We must study up the best method to do that—

How does this sad Custer business affect your Robert's trip to Montana? Yours truly,

I forgot while you were here to shew you this letter from Bro. Harding - I don't know wh. to write him - about fields - Tell me - This letter was sent me from Georgetown - Hence / delay -

Mr. Taylor subscribed 50 $ for salary - & pledged 50 more - But said it had better not be known generally that he was doing so much as it would arouse opposition on the part of his opponents (political)!

I was able to have a most satisfactory talk with Capt. Stirk Instead, most of "outsiders" as they term you two / case

joining and / opposition - / probability is that more than 1/2 will not - Some of those who do not renew - and those supposed were unfriendly - I know are friends personally to me & especially to Mrs. - Gage - But business is dull - I happen to know they are denying themselves pleasure trips which they anticipated -

The same parties who are working up / opposition to me, worked up a feeling against Mr. Rice - (Methodists) which actually was the cause of Mr. Rice being horse whipped - an awful pounding - And they had begun on Robb. about the time, Robb announced his intention

Your letter rec'd and thanks for kind suggestion. I will do what I can for Navajos, possible Fall - get the Church finished & dedicated and get them a minister if I can. Then if the Lord leads the way I will be glad to go to N. Mex. - Bro. My brother A. J. is here from Fla. He insists that I should go down there - that he & Thurman could do something for me. Mission fields there are very needy ones too. - From the way that the climate has benefitted him & his wife, I judge it would be well for me. He says people from South Carolina do well in Fla. Climate superior to that. Climate. He offers me a building lot - 5 acres for one thousand dollars - Gen. French likes the County and thinks it both a healthy and a promising field for energy & labor. He visited there not long ago and purchased property near

With these several pros be-
fore me - my desire is to go
where I can do the most
good and have health also
- or - to put it in another
way - I want to go where the
best climate. It is not my
disposition to wander around
and keep changing. I want
to find a restful, lovely
place and settle down and
work away. —

I found your book
and the Bookseller said he
loaned out it to you by
getting a Congressman to
punch it - and have it go
as Pub. Doc. His name
and address is L. A. Hopkins
121 Penna Ave. Wash. D.C.
If you do not care to write

to him,

I send you the card for another book - which one of you can send to either of you should need any other books. The one who reads the book will enclose his card. On enclosed card is a list of books on hand, if you want any of them. —

The price of Tennyson books was $2.00. He left your book at $1.50 in spite of personal discount. — I paid him $1.50 for the one and rather than a disappointment for one which was defective and lost 25 cents. Thinking you would prefer the one that was perfect & complete, glad to exchange for you and will be glad to do anything I can for you. I send (Mrs Jones) the Longfellow - also the one you have started to write. - I expect to go to Boston this week - Kind regards to you

Dear Sir.

I am in hopes you are now in Denver and in health & remain. I have been wanting to send you a letter for some time but have been crowded and working day & night. Ethel has been in the Church & Funerals have been cause.

July 2 I had become a Baptizing four children & several different from any before seen in that Church. On Sunne Eve. I Ordained our Revd Deacons Mr Mc & whom are Good &

Samuel Thurs. July 9 we celebrated Communion & received (8) Eight new members into our Church that brings nearly a fourth of our present membership (38) and one of the largest accessions Union has ever had at one time. The most of the other Churches have had hardly any accessions at all, & none like this. As we have in mind we have five societies here you will see we have great Reason to be Encouraged, Our increase made a Revival meeting of Still in Power especially as Hon. James Bellamy, Lady & Daughter were among the number Since I came here Mr.

Bullard has hardly
[illegible] a sermon through
before having an open
Rebuttal for which at-
tendance. He is our new
President of The Board of
Trustees and will be one
of our best members
Since we have had a
Prospect of getting out of
debt are much en-
couraged and more so
since our last Communi-
on. Our Pledges for the
G. Erection Funds are in
New York and we hope
soon to have the Returns
They were delayed from
the fault of ours on ac-
count of absence of a Trus-
tee in the Northern
collecting Subscriptions &
Church Funds come

owel our debt to Paul I hope to have another good
reception in the Autumn
as I have several in View
already ×

I want to mention that I have preached
my first Sermon at Oil
Creek. located 12 or 13 miles
from Canon in one of
the loveliest Parks of Colo.
A Farming Settlement and
no Church There but a
Sunday School is kept
up doing Sunday in
School House. I preached
in School House to a
fine congregation and
met much pleasure with
the Ysp. Ces many state

Can muster in Canada Should some of (our) readers among them Hon. A. D. Cooper & Lady are members of our Church in Canada and come in as often as they could & will allow (my Church) Choir to assist with me and we (can) our own Expense & no Remuneration objection will be formed as these exercises as this does not interfere with any service in Canada

Since I saw you I have been appointed Chaplain in Colonel Penitentiary and as it does not interfere with any of my services I have

accepted. I preach to the convicts once in two weeks. During my first sermon several fell asleep and seemed much affected.

And now I want to tell you a few things about money matters. The Board owes me ($225) two Hundred and twenty five Dollars July 1st and my Report is in — and I presume the funds will be on hand by. I am to have a Short Vacation in August and Rev. Jno. Watson of Georgetown takes his in same month —

I have an invite to go camping with this party in Rock Creek I presume they will start Aug 1st or soon after and would like to go.

about middle of next week so as to leave G. with the rest as I might be a long time in finding them in Middle Park if I were left behind — You know how much can be done from N. Y. and I might spend all Vacation here in Canon before they came. If Irving & the Mountains were a mere matter of pleasure and not of course all that could be given means home and at less Expense

You are, however more that I can deeply interested in the Wilson family and as Rev. Bliss & Miss will have it I have "I have a call"

in that direction. And in accordance with recommendation of Presbytery that call has been presented in the shape of a vigorous correspondence which has elicited the fact that we call is unanimous and destined to be accepted on both sides. Hence you can appreciate my anxiety to hear from you next week for you are not destitute of Experience in regard to "calls" of this nature. Now to come to business, Doctor, having given all this in confidence must stress I must have Fifty Dollars

850 Jo Harvard me in leaving Canon, and I can come if you have Not Arrived in Denver South you are more than willing To do me The favor by dial before and you shall have it as soon as I hear from Fontaines. I can aware you will appreciate The Situation and do all you can To aid me—

I have not learned whether you were charged Discount on my check of course if you were I shall make it all correct—

I do not know what Engagements You have for August but Our People as well as

My self are desirous to see you as soon as possible and hear you and if you could come to Canton about Aug 11 or 12 and preach on Aug 13th it would be most acceptable. Your visit would add much in more ways than one and I trust you will come by all means. We shall encamp about the Centre, I consider this visit as more than that is done you on account of your acceptance to us in our behalf & tell me a good fatherly letter soon as I can hungry for one your Bro. in Christ —

Dear Bro. Jr

What about the Elks north? — I still do not talk of leaving — But you don't know wh. a lot of gossips can do. Now Mrs. Phillips has set afloat a mess of gossip & scandal wh. is as bad as the burning of a small pox infected feather bed at Franklin a few weeks since — Don't suppose I woman meant exactly to make trouble But she had to tell every thing she hears — Oh, dear I am tired of it — sick of it — I have a perfect contempt for such a set — It nearly crushes my wife — Think of it — Mrs. McL. sends my wife a letter saying she (Mrs G) is guilty of deliberate falsehood & her husband is no gentleman! — All manufactured McG is as a missionary among the heathen The story is so ridic=

nlous – that we are running
down Mrs McC's store when we
have always encouraged her, But
it matter little ——— Oh, sometimes

Dear Brother, July 29 Corinne Jan 29/ Utah

I forward with this mail my Historical Sermon, Your Corrections are expected to be so many I have occupied but one page leaving the other for you. Several items I could not find here with which you alone are the reliable authority, such as Your first visit to the town The first Services held in the place, The date and account of the dedication and many others which will no doubt occur to you, So many that you may see it necessary to re write the whole. However I have complied with your request & collected all the facts available here. The almost desertion of the town makes it necessary to seek other preaching stations and some way to travel. or another location I will be glad of your superintendence All well, with regards, Respectfully S.S.
